

# Recommandations pour l'impression des cartes

Les « grandes cartes » ont été conçues pour être utilisées sur un support quadrillé avec des cases carrées de 15 cm de côté.

Elles mesurent 14,4 cm de côté pour permettre de plastifier et de laisser un rebord de 3mm de côté.

Une « impression à 100% » est recommandée pour respecter les bonnes dimensions.

Les « petites cartes » ont été conçues pour être manipulées par les élèves et ont le format des cartes à jouer traditionnelles.
